From: **John E. Earhart**

To: **United States Bankruptcy Court Southern District of New York**

I'm a retiree from Delphi and I want to contest the elimination of my health insurance and life insurance being proposed. **Reference case number 05-44481.**

This will cause me extreme financial difficulty since I'm 62 years old and have three year until I can apply for Medicare.

I know the state of the auto industry is very poor at this time but I see nothing being done to eliminate the health and life insurance for the hourly retirees. Why are the salaried retirees being asked to sacrifice and the hourly are not?

Sincerely,

John E. Earhart

Delphi Retiree
